*Ramadan begins*

## **Pandemic Edition**

A small group of LWV Polk members, following **Trudy Rankin's** lead, has been exploring using Zoom to get together. After some sharing of information on the nuts and bolts of participating in these gatherings on computer, notebook, or smartphone, Trudy proposed this series of five get-togethers to focus on LWV concerns and issues.

The LWV board quickly embraced this wonderful idea, and planning has been underway to flesh out a schedule of presentations for the rest of this month. If you would like to participate, simply e-mail Trudy at [trudycorryrankin@gmail.com](mailto:trudycorryrankin@gmail.com). She will send you an e-mail invitation with a link to the meeting and other info you'll need to log in. You have an option of whether to be seen or not, and some handy tools make it easy to raise your hand if you wish to speak.

In other news, plans for our annual meeting in May are currently on hold, with the board exploring ways to handle LWV Polk business normally conducted on that occasion. Details will be forthcoming, and dues payments are still welcome!

## **2020 Census**

Don't forget to respond to your census notice. The invitation that you should have received at your residence reads **"Respond now at my2020census.gov."** It's painless, quick, and critically important!
